- 8) What percentage of students received emergency grants and how much did students receive in emergency grants by fund type and student type?

Note: Institutions must provide complete answers to each question.

When IPEDS definitions apply (categories labeled with "(IPEDS categories)" in the form), use the same category for each student that is used to report to IPEDS. For the second and third annual HEERF reports (reporting on calendar years 2021 and 2022 in early 2022 and early 2023 respectively), if a student is not reported to IPEDS, for example because they are not enrolled for credit in courses that could lead to an award, then report that student under "Students not categorized in IPEDS." In the fourth, and fifth annual HEERF reports "Students not categorized in IPEDS" will no longer be an option in the form and institutions will need to track all of their students (regardless of if they would be included in IPEDS enrollment counts) and categorize them using the IPEDS classification methodology

Based on the Department's Final Regulations issued on May 14, 2021 (86 FR 26608, available at

<https://www.federalregister.gov/d/2021-10190>), students are not required to be eligible for Title IV student financial aid in order to receive HEERF emergency financial aid grants. Title IV eligibility for this question is based on the number of students for whom the institution has received an Institutional Student Information Record (ISIR) plus the number of students who completed any alternative form developed by the institution. In reporting these data, students should be classified as Title IV eligible if they were determined to be Title IV eligible at any point during the reporting period.

f) What number of students were enrolled, what number received emergency grants and how much grant aid did the students receive by IPEDS age categories?

Institutions should follow IPEDS Fall enrollment guidelines (<https://nces.ed.gov/ipeds/use-the-data/survey-components/8/fall-enrollment>) for when to capture a student's age. For example, institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.
